

Support Fremont Schools

SupportFremontSchools.com

As a top school district, with 41 National Merit Scholars in 2023 and seven current California Distinguished Schools, Fremont Unified School District has achieved great things for our kids with the little resources it has.

As one of the lowest funded school districts in Alameda County, many of our schools' classrooms need urgent repairs and upgrades.

Measure M is a local school bond measure to upgrade and renovate local school facilities. It will provide \$919 million our schools desperately need to build modern, permanent classroom space for all students and student programs. This bond will significantly enhance the quality of education in science, technology, engineering, art, and math programs, ensuring our students have access to the same high-quality education as other students in the region.

Measure M will allow Fremont schools to:

- ▶ Update classroom equipment, science and classroom technology, and libraries for our children
- ▶ Replace aging and leaking roofs at local schools
- ▶ Replace outdated, aging, and deteriorating portables with permanent classrooms
- ▶ Update, renovate, improve, repair, expand, or upgrade existing classrooms for current educational standards

Every penny will go to supporting our Fremont schools and cannot be taken by politicians and special interests in Sacramento. No money can be spent on administrators' or teachers' salaries. Measure M has been placed on the ballot to address the most critical needs while providing strict accountability, including:

- ▶ An **independent** citizen bond oversight committee
- ▶ Public disclosure of all money spent
- ▶ Annual Audits and Reports

It's a [well-researched fact](#) that the quality of school facilities significantly impacts student achievement. Fremont voters can vote Yes on Measure M to invest in our kids' education and improve their academic performance.

Vote YES on Measure M!
